

## WHO WE ARE

*“Parole in Gioco”  
is a project belonging to  
“La Città del Sole - Amici del Parco  
Trotter” Onlus  
addressed to Kids and Students  
from “Casa del Sole” school  
as well as to their Families*

*It started 13 years ago  
from a group of active moms  
in Trotter area*

*Since the very beginning  
the initiatives have been  
inspired by the will  
to create a safe space of exchange  
among Italian and foreign women  
and to help learning Italian language*

*The activities extended in  
scope and enlarged to active  
citizen volunteers  
over the years*

## WHY WE DO THAT

*We live in the most  
Multiethnic area in town, where we  
have people  
coming from all over the world*

*Our school “La Casa del Sole”  
together with the Trotter Park  
are the core of this area*

*Both the School and the Park  
offer the best opportunity  
to meet, get to know people  
who live here and exchange  
experiences and knowledge*

*In such a context, we believe  
it's really key to support  
our School in teaching  
new generations the importance  
of coexisting by sharing knowledge  
and cultures; to liven up the  
Park with initiatives strengthening  
relationships also by learning  
the Italian language;  
to create new opportunities for  
taking active role in addressing  
specific territory challenges*
