

Communication No. 80
To: Giacosa ICS Parents

Milan, January 17th 2018

Subjects: Unaccompanied Exit from School Premises for Secondary School Students
(Art. 19 bis of Law
4 December 2017 Provisions regarding the exit of children under 14 from
school premises)

Art. 19 bis of Law of December 4th 2017 states: Parents with parental responsibility, guardians and recipients pursuant to law of May 4th 1983, No. 184, under the age of 14, considering the age of the latter, their degree of autonomy and the specific context, in a process aimed at their self-accountability, can authorize the institutions of the national education system to allow the unaccompanied exit of children under 14 from the school premises at the end of the lessons. The authorization exempts the school staff from the responsibility related to the fulfilment of the supervisory obligation.

On the basis of the foregoing, parents who allow the unaccompanied exit of children under 14 from the school premises at the end of the lessons, **have to fill out the authorization form, to be returned to the Class Coordinator by January 26, 2018 enclosing a photocopy of the identity documents of both parents.**

Without the aforementioned authorization, students must be handed over to an adult, so parents (or delegated persons) must be present at the end of the lessons. These provisions will be fully applied as from January 29, 2018.

Please note that secondary school pupils, once they leave the respective pavilions at the end of their activity, must leave the school park. The ICS of via Giacosa will not respond for events or incorrect behaviour occurring after the exit from the school pavilions.

Concerning Primary School pupils, a specific request must be sent to the School Secretary, to the attention of the Headmaster

The School Headmaster
Prof. Francesco Muraro
